CANDLELIGHT STOCKING

project sheet

FABRIC & STOCKING DESIGN BY ALEXIA MARCELLE ABEGG

PS RS5033-1

CUTTING INSTRUCTIONS

Trim the right and bottom edges off templates pages 1 & 3, and the right edge off page 5. Tape together as shown at right, overlapping edges to align circles. Cut out stocking pattern piece.

ONE-FABRIC STOCKING

Stocking Front: Cut (1) Stocking.

PATCHWORK STOCKING

Stocking Front: cut (44) total 3" squares from assorted Patchwork Fabrics. Piece them together as follows, all with $\frac{1}{4}$ " seam allowance:

Piece (5) rows with (4) squares each, pressing seam allowances of each row in opposite directions. Join rows. Press.

Piece (4) rows with (6) squares each, pressing seam allowances of each row in opposite directions. Join rows. Press.

Join narrower block to top of wider block, aligning left most squares. Press. Cut (1) Stocking Front as shown.

BOTH STOCKINGS

Lining: Cut (2) Stocking. If your fabric is a print make sure to cut mirror images.

Stocking Back / Cuff: Cut (1) Stocking and (1) rectangle for Cuff $19\frac{1}{2}$ " x $9\frac{1}{2}$ ". Follow cutting layout below to make sure you have enough fabric for both. If your fabric has a right and wrong side, make sure your Stocking Back is a mirror image of Stocking Front.

SEWING INSTRUCTIONS (ALL VIEWS)

seam allowance $\frac{1}{2}$ " unless otherwise noted

QUILT STOCKING FRONT

Trim batting and quilting backing to be slightly bigger than Stocking Front. Make a quilt sandwich - layer backing wrong side up, then batting, then Stocking Front right side up. Smooth and pin all layers. Quilt as desired (samples were hand quilted with sashiko thread). Trim backing and batting even with Stocking Front.

CONSTRUCT STOCKING

Place quilted Stocking Front right sides together with Stocking Back. Stitch around long curved edges. Leave top straight edge open. Trim seam allowance down to $\frac{1}{4}$ " around curves with pinking shears (not shown).

Repeat with Stocking Lining pieces.

Fold stocking in half wrong sides together, aligning long raw edges, and press to crease. Reopen. Fold to bring short ends together and stitch. Press seam open. Refold cuff in half along crease to align raw edges.

Turn lining right side out. Fold hanging ribbon in half and pin to right side of top edge over heel seam, aligning raw edges of ribbon and fabric. Stitch across ribbon with 1/4" seam allowance to secure.

With exterior stocking wrong side out, stuff inside lining so that wrong sides of lining and exterior are together. Align top raw edges and pin.

Place folded cuff around stocking layers so that it is against right side of lining. Align all raw edges and pin. Folded ribbon will be sandwiched between cuff and lining - make sure it is laying flat and doesn't get twisted or folded.

Stitch around the top of the stocking to secure all layers, backstitching at the beginning / end and over the ribbon for extra hanging strength. Zig zag raw seam allowances to finish.

Turn stocking right side out, pushing lining down into toe of exterior and making sure all seams are fully turned. Flip cuff to the outside to cover seam.

Press for a nice finish, hang and fill with treats!

CANDLELIGHT STOCKING

Alexia's Marcelle Abegg's Candlelight Wovens provide a soft, homespun look with a modern color palette for these holiday stockings. A quilted front makes them extra plush. Whip up a set for the whole family to hang by the chimney with care!

FABRIC REQUIREMENTS

ONE-FABRIC STOCKING - ½ yd nondirectional or ¾ yd directional fabric for Stocking Front

Fabrics used in samples:
(¾ yd needed for vertical
strips, ½ yd for horizontal
stripes)

RS4011-14

RS4011-13

PATCHWORK STOCKING - F8 of 7 different fabrics (sample uses all Candlelight Wovens)

RS4007-14

RS4007-15

RS4011-12

RS4011-13

RS4011-14

RS4011-15

RS4011-16

ADDITIONALLY FOR ALL STOCKINGS

RS4008-15
Chore Coat - Gold
½ yd
Stocking Back, Cuff

Lining - ¾ yd

Batting - at least 16" x 24"

Backing fabric for quilting - ½ yd (will not be visible in finished stocking)

½" ribbon for hanging loop - ¼ yd
