Our Simply Delightful collection is inspired by those simple and delightful prints we reach for repeatedly from our previous collections. The designs in Simply Delightful are some of our very favorites shared with you in some beautiful new colorways. We've also added a few new designs to create a yummy basics collection that is not only versatile but also simply delightful.

We know you'll enjoy sewing with these simple flowers, geometric designs, dots large and small, waffle prints, and diagonal stripes in a rainbow of colors: red, orange, yellow, green, teal, navy, and grey. We hope your sewing with these fabrics is Simply Delightful!
